We provide a values based education inspired by the teachings of Christ. Our College motto is 'Aspire not to have more but to be more' (<i>Oscar Romero</i>). We have been on a sustained journey of improvement over the last ten years and have now been recognised by Ofsted as an outstanding school in April 2011 and again in December 2014. Ofsted recognised our 'tangible and palpable ethos which combines gospel values, ethical enterprise and an aspiration for all students to be the best that they can be'.</p> <p>Due to the success of our own improvement journey we have been asked to offer support to numerous other schools, which we are always happy to do so, because of the learning and development it brings to us as well as the schools we are working with. We have a highly experienced, effective team who provide high quality training and development programmes both internally and to other schools and we welcome the opportunity to be part of the delivery of this new middle leadership programme in partnership with SSAT.
