

SSAT Primary Network

SSAT Primary Network

The SSAT Primary Network works closely with individual and groups of schools to support leaders and teachers in their mission to shape the future of education for young people. Giving you a range of tools and resources, examples of best practice, publications and opportunities to collaborate with other primary leaders and teachers, the network will support and inspire you to achieve your goals.

 MEMBERSHIP

WHAT SSAT PRIMARY MEMBERSHIP INCLUDES

Primary Matters

A weekly email newsletter giving you the latest news, insights, and events in primary education.

SSAT Educational Outcomes

SSAT's unique performance analysis tool, combining official DfE and Ofsted sources into one database to show you KS2 performance data on your own school and how it compares to every state-funded school in the country.

SSAT Educational Outcomes Awards

Gain recognition at the annual celebration event giving you the opportunity to reflect on positive outcomes and promote your school to a wider audience.

SSAT Framework for Exceptional Education

SSAT's flagship school improvement framework, helping you to evaluate your practice and identify areas for improvement. You can now achieve recognition for your exceptional practice and build your path to world class by applying for accreditation* in the framework.

Innovation and Impact days

Opportunities to visit member schools and see innovation and impact in action. Hosted and led by member schools, the events are a great opportunity to visit, network, learn and share best practice.

The Exchange

Your member-only website full of publications and resources for teachers and leaders to turn innovative ideas into proven solutions for your school.

SSAT Pupil Leadership Accreditation

Empower your pupils with the SSAT Pupil Leadership Accreditation scheme – an innovative way of formally recognising pupil leadership skills.

SSAT National Conference

Receive a discount on delegate passes at the annual SSAT National Conference. Be inspired over two days by prestigious speakers and system leaders and a wide range of workshops, including policy updates and school-led sessions.

CPD that works

SSAT's CPD programmes are about delivering tangible outcomes through rigorous and purposeful training and development. Membership gives you extensive discounts on our range of programmes.

*extra charge applies

WHY BECOME A MEMBER?

- ▶ Stay up to date with the latest news, policy updates and guidance from across the primary landscape, and gain insight from SSAT education experts
- ▶ Collaborate with schools facing similar challenges, and learn about best practice initiatives from schools across the network
- ▶ Recognise your success, celebrate the success of others and take your place in a community of schools helping to improve outcomes for all young people
- ▶ Support your school improvement programme and get discounts on the best CPD for staff across your school

“Robin Hood has a long and rich history of working with SSAT to improve outcomes for children. As a multi academy trust we aim to be as outward facing as possible and work with like-minded leaders and schools up and down the country. The strength of SSAT is in its ability to help link like-minded schools along with the wonderful online presence and resources that it has”.

Robin Hood MAT

“For me, the great thing about being an involved member of the SSAT Primary Network, is the opportunity to meet leaders and visit schools who truly inspire, through their bespoke approaches to pedagogy, innovation and excellence, at all levels of school leadership”.

Sacred Heart R.C. Primary School

“We became SSAT members following our success as an SSAT Educational Outcomes Award winner. It was important to be recognised nationally for our hard work in the school community”.

Eastlands Primary School
