Financial Modelling: Schools selling modules to other schools

The cost of any sessions provided is at the discretion of the licence holder. SSAT suggest a RRP of between £45-50 per module per person based on maximum cohort sizes of 20. Below is an indication of different financial models.

School Model 1: A series of single module delivery to other schools.

	2 Modules	5 Modules	10 Modules
School Revenue @ RRP of £900 per module	£1,800	£4,500	£9,000
Payment to SSAT	£1,650	£2,250	£3,250
Contribution towards school costs and profit.	£150	£2,250	£5,750

School Model 2: A series of training combining 2 module delivery in one day to other schools.

	1 day	3 days	6 days
School Revenue @ RRP of £ 1,500	£1,500	£4,500	£9,000
Payment to SSAT	£1,650	£2,450	£3,650
Contribution towards school costs and profit.	-£150	£2,050	£5,350

This franchise model offers significant savings when compared with the existing SSAT direct delivery model should you wish to use it for your own middle leaders inset days rather than sell directly to schools. Please see the savings illustrated below for a single module delivery model.

Financially Modelling: Delivery to your own staff

	SSAT Delivery	In School Delivery	Saving on SSAT direct delivery
1 Module	£900	£1,450	-£550
2 Modules	£1,800	£1,650	£150
3 Modules	£2,700	£1,850	£850
4 Modules	£3,600	£2,050	£1,550
5 Modules	£4,500	£2,250	£2,250
6 Modules	£5,400	£2,450	£2,950
7 Modules	£6,300	£2,650	£3,650
8 Modules	£7,200	£2,850	£4,350
9 Modules	£8,100	£3,050	£5,050
10 Modules	£9,000	£3,250	£5,750

This can be very cost effective for a federation or alliance to train their middle leaders together.

Example: Module delivery to other paying schools

	5 Modules	10 Modules
School Revenue @ RRP of £900 per module	£4,500	£9,000
Payment to SSAT (member price)	£2,250	£3,250
Contribution towards school costs and profit.	£2,250	£5,750
