*Please note that where more evidence has been requested by the moderator in order to be able to make their final assessment applicants will have **ten working days** to make any amendments and add any additional evidence if they wish final moderation of their application to take place within the same moderation gateway. If they are unable to provide the additional evidence requested within this time period, their application will automatically be deferred to the following gateway for final moderation and they will have until the deadline for submissions for the next moderation gateway to make any necessary amendments.*
