Workshops

A range of workshops will be available for schools to access individually or within teams during the afternoons or at a time when suitable for individual schools

1. **Oracy** - Nicky Pear, Assistant Headteacher, Cubitt Town Junior School
2. **Stretch and Challenge: incorporating the principles of cognitive science and direct instruction in the primary classroom** - Sophie Powell, Executive Headteacher, The Compass Partnership of Schools
A workshop looking at the theory behind the pedagogy with opportunity to see the principles in action.
3. **Let there be light** – Lucy Blackmore, Headteacher, Ryder's Green Primary School
A workshop exploring how science and engineering opportunities are helping to raise aspirations and widen horizons at Ryder's Green primary school.
4. **Taking the curriculum home: how blended learning can enhance your provision** - Rory McGrath, Headteacher, Shacklewell Primary School (and EdTech Demonstrator School)

Exploring how preparation, family engagement and robust subject knowledge will allow colleagues to feel empowered to diversify their approach to curriculum teaching, with a particular focus on the use of digital tools.
