

MAT support for growing Trusts

Why partner with SSAT?

SSAT have a strong track record of supporting MATs as they grow. We've worked alongside pioneering leaders since MATs first appeared, supporting new models of collaboration, school improvement and professional development.

We understand the challenges that come with growth, as well as the many opportunities:

- ▶ Recognising the individual school contexts and agency of leaders, while creating coherence and alignment across the MAT.
- ▶ Building leadership capacity, meaningful collaboration and shaping culture.
- ▶ Scaling up teams, practice, systems, policy and processes.

We are with you for the journey - we believe in personal connection, building strong relationships and lasting partnerships. We take the time to understand your context, needs and support you to achieve your goals.

How can SSAT help you as you grow?

We have a variety of established programmes and flexible models available. We can also co-construct tailored professional development pathways that meet your training priorities.

And our support isn't just for teachers and school leaders, we recognise the huge contribution made by support staff and central team colleagues.

We can help you with:

- ▶ Leadership programmes (Emerging, Middle and Senior Leaders)
- ▶ Becoming a Delivery Partner and Regional Leadership Hub
- ▶ Student leadership
- ▶ Lead Practitioner Accreditation
- ▶ Strategy planning
- ▶ Coaching
- ▶ School culture
- ▶ MAT and group membership benefits
- ▶ Accessing discounts on SSAT programmes
- ▶ Networking and connecting with other MATs

We would love to connect with you.

Your SSAT Senior Education Lead contact is Dr Dan Belcher. Dan has a wealth of experience in working with MATs, in leadership development and governance. He leads SSAT's leadership programmes and works with leaders at all levels.
